About This Credit Guide

As an ACL holder engaging in credit activities, we are required to give you this Credit Guide as soon as practicable after it becomes apparent to us that we are likely to enter a credit contract with you.
The guide includes information about us, our assessment process to determine your suitability for credit and our dispute resolution process.

Inquiries, Verification And Assessment

Prior to entering into a credit contract with you we:

- must make inquiries about your requirements and objectives in relation to your financial situation and contract;
- take steps to verify the information you provide regarding your financial situation; and
- make an assessment on whether the credit contract is not unsuitable for you.

A credit contract will be unsuitable if at the time it is entered into:

- it is likely that you will be unable to comply with your financial obligations under the credit contract, or could only do so with substantial hardship; or
- the contract does not meet your requirements or objectives.

We are prohibited from entering into a credit contract if we assess it to be unsuitable for you.

Copy Of The Assessment

Provided we enter into a credit contract with you, we must provide you with a copy of our assessment (at no cost to you) upon your request, prior to entering into the contract or within the following timeframe:

Request made	Assessment provided
Within 2 years of credit provided	Within 7 business days of request
Within 7 years of credit provided	Within 21 business days of request
7 years after credit provided	A copy of our assessment not required to be provided
